Beyond Borders, Library Cooperation

inFIRE - *the international network for Fire Information and Reference Exchange* - is a worldwide consortium of fire libraries and information centers. Your audience will include information managers, professional librarians, and other specialists involved in the acquisition and dissemination of fire information.

The 2007 conference will provide a forum for sharing the most recent information in fire research and technology. Papers and presentations are invited from, but not limited to, the following areas:

- Internet and intranet applications
- Digitization initiatives
- Document delivery
- Risk management
- Virtual libraries
- Advances in fire science and fire protection engineering
- Fire education
- Knowledge management
- Information preservation
- Future trends for fire information

Submission Requirements

Initial abstracts (about 200 words) should provide sufficient detail regarding scope, methods, procedures, results and conclusions to familiarize the reader with the proposed topic. Please indicate your choice of a delivery and discussion time of thirty or forty-five minutes. Abstracts and biographic data must be submitted no later than March 31, 2007. Instructions for manuscript preparation and date for submission of the full paper will be noted in each author's acceptance letter. *Please note that presenters are responsible for their own expenses.* Send submissions to:
