Resource Sharing Committee

The OGLC Resource Sharing Committee will aim to facilitate cooperation among OGLC members, in order to provide cost-effective, equitable and timely access to information resources within the OPS.
The Resource Sharing Committee will provide a forum for participants to:

- identify and discuss issues, policies, and procedures affecting resource sharing among OGLC members;
- develop policy statements and documents relating to resource sharing;
- review products, vendors and tools related to resource sharing;
- communicate issues of concern and make recommendations to OGLC on matters related to resource sharing;
- communicate and share expertise and knowledge of information resources and resource sharing.

We are currently working on a few projects:

- 1) Revival of the OPS Virtual Library
- 2) Investigating what role OGLC should play in the Ontario Digital Library
- 3) Survey of current collections and services offered by OGLC libraries.
- 4) Develop a lending policy amongst OGLC members
- 5) Investigate consortium purchasing.
