

inFIRE Conference 2012

Wellington, New Zealand

27th February to 2nd March 2011
Hosted by the New Zealand Fire Service

Preliminary call for papers

inFIRE is a worldwide consortium of fire libraries and information services. Conference delegates will include information managers, professional librarians, and other specialists who are interested in fire research and information.

The theme of this conference is **Recover, Revive, Reach**. **Recover** is about recovering from major events. **Revive** is about reviving your community, your organisation, your service, yourself. **Reach** is about the new ... innovations, applications, ideas etc.

inFIRE 2012 will provide an opportunity to showcase new information in fire research and technology to an international audience. Papers and presentations are invited from, but not limited to, the following areas:

- Recovering from disaster (natural, economic, industrial, terrorist events etc)
- Knowledge management in disasters
- Advances in fire science and fire protection engineering
- Advances in human factors and fire
- Social media in libraries and information services
- Knowledge management
- E-books
- Future trends for fire information
- Tools, tips and tricks
- Easy wins ... getting information to the people doesn't need to be expensive
- Marketing your service

We are also interested in running workshops on social media, and easy-win information solutions. **Please feel free to approach us with your ideas.**

Submission Requirements

Initial abstracts (approximately 200 words): Should aim to familiarise delegates with the proposed topic and include details about scope, methodology, procedures, results and discussions. Sessions will 30, 45 or 60 minutes long. Please indicate your preferred session length.

Closing date for submissions: Friday 14th October, 2011

Please note that presenters are responsible for their own expenses.

**Please send
submissions to:**
